Public Comments The following individuals spoke in support of reinstating cuts that have been made to the music programs:

Julie Kubbs
Mishelle Thomas
Sheryl Reeve
Lynette Burris
Susan Kieffer

Mr. Baker also stated that, speaking on behalf of himself and Ed Vaflor, he would like to see elementary music reinstated and high school band kept at least as a half-time position.

Christine Mattix stated she was also supportive of reinstating music programs and indicated she would be introducing some resolutions to help the district save money.

Tacee Graff spoke on behalf of a group of high school students who are requesting the prom be held in the high school gym this year. (There have been some tentative plans to move the prom to an off-site location.)

Brian Sparling spoke regarding holding the prom at an off-site location and explained some reasons for considering that location. He indicated it is very expensive to rent all the drapery that is needed to hold the prom in the gym. He also expressed concern over student traveling to Columbus for dinner and indicated the proposed off-site location would provide dinner with the prom.

Julie Lehner and Annette Holler also briefly commented on the location of the prom.

Discussion Topics Mr. Baker explained that an addendum to the February 28th board meeting agenda was issued by the Superintendent after the regular agenda had already been completed and distributed. He stated that the addendum should not have been issued and that it may have caused confusion and embarrassment to certain employees. Mr. Baker indicated that new procedures for preparing board meeting agendas have been put in place so that the situation doesn’t happen again.

Mr. Baker discussed the recent phone system study that was done. He asked Mr. Larcomb why it was done and what the cost of a new phone system was. Mr. Larcomb reported the cost to implement a new phone system was $28,000 and indicated it would help communications, including being able to communicate in the classrooms. Mr. Sims asked if the current phone system is adequate and Mr. Larcomb indicated it was. Mr. Baker stated that he believed the $1,500 spent on evaluating the phone system was a waste of money. He further stated that he did not think spending $28,000 on a new phone system was a good idea when our district doesn’t even offer music classes in the elementary school.
Mr. Larcomb brought up the topic of an STRS retirement buyout that the board has discussed at recent meetings. Mr. Sims indicated that the board would like to table that for now and possibly revisit it in a year, due to current pending legislation.
